SKILLS

Front end

ReactJS, NextJS, TypeScript, and KnockoutJS

Back end

Node.js, C#, and MongoDB

Testing

Jest, and React Testing Library

Styling frameworks

Styled Components, TailwindCSS, Chakra UI, Sass, Less, and Bootstrap

Design

Figma, Adobe XD and Canva

APIs

GraphQL and REST

Version control

Azure DevOps, Git, GitFlow, GitHub, GitLab, and BitBucket

Deployment

Heroku and Vercel

Project management

Scrum, Kanban, and Agile

EDUCATION

MBA in Business

Management

University of São Paulo

January 2021 to December 2022

Associate's Degree in Analysis and Systems Development

Cruzeiro do Sul University

January 2019 to December 2020

PROFILE

As a Front End Developer, I have a passion for creating user-friendly interfaces using technologies such as ReactJS, NextJS, JavaScript, TypeScript, HTML, CSS, and my design skills extend beyond coding, as I'm proficient in Figma to bring my visions to life. I integrate frontend systems with content management systems and have experience with both GraphQL and REST APIs. With expertise in Scrum, Kanban, Agile, and code versioning tools.

Additionally, I am proactive, skilled in conflict resolution, possess strong analytical and problem-solving skills, and have excellent communication skills that ensure project success. I work collaboratively as part of a team and mentor junior developers, while also dedicating myself to continuous improvement and making web applications more efficient as I'm always exploring new technologies to stay ahead of the curve.

WORK EXPERIENCE

Front End Developer

Genetec

Oct 2022 - Present - 10 months, Montreal, Canada

I am responsible for building and maintaining web applications that are aligned with Genetec's web design guidelines and design system. My key responsibilities include:

- Building and maintaining web applications using JavaScript, CSS, and HTML
- Connecting the frontend with content management systems using REST APIs
- Customizing, troubleshooting, and documenting the publishing tools for Genetec
- Developing and maintaining style sheets and specializations as needed
- Identifying and implementing web best practices, using Scrum, Kanban, and Agile methodologies
- Updating the publishing tools with current releases, using Azure DevOps
- Testing and upgrading the DITA Open Toolkit (DITA-OT) for custom plugins, with proficiency in XML
- Participating in code review and approval workflows utilizing Git
- Implementing continuous improvement initiatives for our web applications
- Improving user experience (UX) design and user interface (UI) using Figma for design
- Training members of the Unified Content Services Department on the publishing tools
- Participating in analysis and planning meetings, and utilizing strong communication skills.

Front End Developer

Eu Médico Residente

Jun 2022 - Oct 2022 - 5 months, Recife, Brazil

I developed and maintained a Learning Management System (LMS) that utilized innovative technologies and teaching methodologies. My responsibilities included:

- Creating the LMS using NextJS and TypeScript to host digital courses for doctors, leveraging React Hooks to improve performance and modularity.
- Converting Figma designs to front-end code using Styled Components and Chakra UI, ensuring that the LMS adhered to the highest design standards.
- Collaborating with backend developers to develop dynamic components and web pages using GraphQL, Node.js (Express), and AWS, utilizing Node.js with npm and yarn for efficient package management.
- Mentoring junior developers and collaborating with senior engineers to establish roadmaps and resource priorities, while ensuring compliance with Git and GitFlow source control management best practices.
- Following software workflow best practices, such as code reviews, code standard maintenance and improvement, and agile methodology, utilizing Azure DevOps to streamline project management.

Front End Developer

NSH Technologies

Jul 2021 - Jun 2022 - 1 year, São Paulo, Brazil

I contributed to the company's focus on customer experience. My responsibilities included:

- Creating advanced and mobile websites and applications using ReactJS, KnockoutJS, HTML, CSS, JavaScript, Node.js with npm and yarn, and REST APIs
- Coordinating with stakeholders and designers to ensure that requirements and assets met best practices for responsive UI and performance expectations using Adobe XD
- Leading the UI component refactoring initiative, which significantly reduced code complexity and duplication, utilizing Styled Components, TailwindCSS, Bootstrap, and Less
- Collaborating with the project manager and senior developer to share ideas, demonstrate code, troubleshoot, and fix bugs, utilizing Git, GitFlow, GitLab, and BitBucket
- Using Kanban and Jira to manage workflows and improve team collaboration

Founder and English Teacher

Asper Institute

Feb 2017 - Jul 2021 - 4 years and 6 months, São Paulo, Brazil

I was responsible for all aspects of the business, including business development, lead generation, and customer relationships. Throughout my time at Asper Institute, I contributed to the development of more than 300 students who achieved their goals, such as passing international tests, getting job promotions, and becoming fluent in English. I am proud of the impact I have had on the lives of these students and the success of the language school.

My duties included:

- Leading and training the team to ensure product knowledge and customer retention/renewal
- Planning, preparing, and administering individual classes
- Using Business English to teach CEOs, VPs, Directors, and others within companies such as Atento Brasil, Banco Original, KWS, LDC, and Santander.

English Teacher

Instituto Mindset

Feb 2017 - Jul 2019 - 2 years and 6 months, São Paulo, Brazil

As an English teacher at Instituto Mindset, I helped adults achieve their English language goals, including excelling in international exams such as TOEFL, IELTS, and TOEIC, and improving their communication skills in the workplace. During my time at Instituto Mindset, I had the opportunity to work with numerous students who achieved their goals, such as passing international exams, getting job promotions, and becoming fluent in English.

Here are my key responsibilities during my time as an English teacher:

- Conducted a needs analysis for each student to determine their individual goals and learning style
- Prepared and delivered engaging lessons that were tailored to each student's needs
- Provided regular feedback and progress reports to students and their employers
- Helped students improve their pronunciation, grammar, and vocabulary.
